

## GRIFFIN LEGAL ESTATE PLANNING FEES

All prices are subject to change and are inclusive of GST and exclude disbursements.

### Standard Will

- \$440 Single
- \$770 Couple

### Testamentary Trust Will

- \$990 Single
- \$1,430 Couple  
(where the provisions are the same for each Will)
- \$1,980 Couple  
(where the provisions are different for each Will)

The benefits of having a testamentary trust in your will may include:

- **Taxation** – any taxable income generated by the trust may be allocated among the beneficiaries of the trust in a tax-effective manner.
- **Asset protection** – trust assets are not legally owned by the beneficiaries, therefore trust assets may be protected from a beneficiary's bankruptcy or relationship breakdown.
- **Asset preservation** - trust assets may earn income and be maintained by the trustee for minors or for beneficiaries who are under an age stipulated by you (for example: 25 years). This income can provide for the education, travel and other life advancement expenses of your beneficiaries and ease concerns you may have about a spendthrift beneficiary, or the inheritance being wasted.
